

Ollie's point : Witches' Rock and Tamarindo, Costa Rica / by Tony Garcia

Description

Bobby Cruz's past has caught up with him in the form of beautiful Costa Rican teenager Consuela, who turns up on his doorstep claiming to be his daughter. She carries the startling message from her mother Blanca that the former 'Contra' war criminal Chato Torres is alive and killing again. Bobby decides he must travel south to find Blanca and confront his past as a soldier in Central America. His journey moves from surf-clad beaches through dense rainforest, until on the sulphurous slopes of a volcano he hunts a phantom that was long thought dead.
