

Perfect waves : the endless allure of the ocean / edited by Pierre Nouqueret ; photographs by Sylvain Cazenave, Éric Chauché, and Tim McKenna ; essays by Guillaume Dufau, Alexandre Hurel, and Pierre Nouqueret

Description

The search for the perfect wave is eternal and limitless. A surfer may find it in any of the far-flung corners of the world. The book is a guide and a paean to these evanescent oceanic apparitions. (A collection of photographs primarily of waves, with poetic descriptions and some narratives of the context of the photos)
