### **Description**

Consafos Press is proud to announce the release of Way Of The Bird, a unique collaboration between two of surf culture's most interesting young artists, Andrew Kidman and Andy Davis. The combination of Kidman's pristine wave photography and Davis' soulful illustrations has

created beautifully evocative imagery to tell the story of a boy who, discovering an old man surfing at the beach is captivated by the man's dance on the waves. The man takes the boy under his wing and teaches him about what it means to be a surfer.
