

Wicked break : a Noah Braddock

mystery / by Jeff Shelby

Description

Noah Braddock is just living from wave to wave for now, catching a nice break from his private eye business. After all, the last time he traded his surfboard for a gun, Carter Hamm, his wild and woolly best friend, nearly died. So when Peter Pluto shows up on Mission Beach asking Noah to look for his missing younger brother, Linc, Noah is reluctant to get involved. But Peter describes Linc as a serious college student, so Noah takes the case.
