

Yellow Pintail with Glassed-On Wood Fin

Date

1968

Primary Maker

Hobie Surfboards

Description

This board is crafted from foam and sporting a striking yellow hue. Notably, it was expertly glassed by the esteemed Mickey Muñoz, adding to its authenticity and craftsmanship. The inclusion of a glassed-on wood fin enhances its retro charm and surfability. The board's origins trace back to the prestigious Hobie Surfboards. Its fin box received the masterful touch of Terry Martin. Adding a layer of personal history to this surfboard, it once belonged to George's wife, making it a cherished keepsake within their family. George himself contributed to its unique character by adding the Hobie stickers, creating a custom touch that adds to its individuality.
