## A guide to surfing in New Zealand / by Wayne Warwick

### Medium

Book

### Description

Welcome to the fourth revised edition of New Zealand's original surfing guide book, published since 1968. This edition provides maps and information on over 327 surfing locations around New Zealand's North and South Island coastlines. Combined with the map showing Coastal Meteorological phone numbers providing daily wave, wind and tidal forecasts over 23 separate coastal areas, this latest edition will assist surfers in making the right decisions on where to travel for the best waves throughout most of New Zealand.
