

Surf and Soul (DVD)

Description

A new concept in youth outreach, using the challenge and beauty of surfing. "Rabbi Shifren's search for the perfect wave turns into the ultimate journey, a search for one's soul. His thoughts embrace the sea, the earth, and his reflections of the times that shaped his quest. Just like the sport he cherishes, his life is about riding the energy of the universe."--Ira Opper, surf cinematographer, Opper Sport Productions
