

Beach Party (MAF)

Description

Grab your bikini and head into the surf with this beach classic that started it all. When Frankie Avalon takes his girlfriend Dolores to a romantic beach house, he's furious to discover that she's invited six other couples as chaperones. To get back at Dolores, Frankie feigns a romance with the voluptuous Ava. A dejected Dolores is nearly kidnapped by a gang of motorcyclists led by Erich Von Zipper, but is rescued by the snooty Professor Sutwell, an anthropologist studying teenagers' "wild behavior." When Frankie sees them together on the beach, he assumes the worst. Thwarted romance, misunderstandings, and tan lines abound--ending in a free-swinging, pie-throwing brawl-on-the-beach!
