

California Gold Vintage Surf Auction 2015

Description

The theme is “California Gold” and the auction committee is focusing on just that, boards and memorabilia with a California flair from the '20s through the '80s. We've already coalesced a solid selection of “Gold” from various sellers and are actively searching for more. We're anticipating between 40 - 50 prime vintage surfboards for the live auction and at least 200 items including many surfboards for the silent auction.
